.....

Welcome to the Atelier Art Supplies Catalogue & Pricelist 2024; our tenth edition.

Yes, that's correct, we've been in business 10 years (well almost, it will be in June next year). While the Pandemic left us all a little weary, we have endeavoured to provide you with our usual standard of service, supplied with careful attention to detail and a happy demeanor. However, supply chain continuity and stock availability still seem to be causing the occasional delay. We will try wherever possible to contact you should there be any issues of supply with your order and have appreciated customers understanding for any delays that are beyond our control. As usual, if you are ever passing drop in, explore our retail shop and say hello, purchase and take home some of your favourite goodies.

We have as usual endeavoured to include all those products that you know and love but have also added many new products. Some of these will appear in the Back to School 'specials' sheet only. As usual, we are on a deadline to get the catalogue to the printers and new products are coming onto the market all the time.

Our website is constantly updated with new products and provides an even bigger range than last year. School's may now place orders online, by following the instructions you can choose items and follow through to check out where you can register your details and school order number. Add any additional information into the notes section addressed to the supplier. Your order will then be forwarded to us through the portal and be processed in the usual manner. Schools who have registered with us in terms of kits will already find that the website **www.atelierart.com.au** allows you to submit your orders by clicking on your school emblem and following the instructions outlined.

In the meantime feel free to e-mail your orders to **sales@atelierart.com.au** or phone 03 93974928 or fax to 03 9397 5146. You may also wish to contact Brian directly **brian@atelierart.com.au** or 03 9397 5241 or Trudi directly **trudi@atelierart.com.au** or 03 9397 8229.

We have really appreciated all the support and encouragement we have received over the last ten years and we look forward to an exciting new year where we continue to strengthen and expand our customer commitment.

OIL PAINTING STEP BY STEP

This is a practical and comprehensive guide for all oil painting enthusiasts, from the beginner to the experienced artist. Drawing on material previously published in the highly successful Leisure Arts series, four bestselling, professional artists provide advice on materials, painting from photographs, colour and composition. They describe basic and more advanced techniques such as wet on wet, wet on dry, scumbling, dry brush, sgraffito, impasto and glazing. For those wanting to avoid the use of additives like turpentine or white spirit, there is a section on water mixable oils. For readers who would like to see quick results, there is a section on instant oil painting, or painting in an intuitive, spontaneous way. Easy to follow step-by-step demonstrations show the reader how to paint landscapes, sea and sky, still life and flowers, and each section is accompanied by a selection of inspirational paintings by the four featured artists, in a rich variety of styles.

REALISTIC ABSTRACTS

This book introduces the concept of realistic abstract painting - a loosely impressionistic form of painting that leaves much to the imagination of the viewer. The subject, though recognisable, is executed with freedom and fluidity, resulting in a painting that is far from photographic. It has been described as the 'grey' area between figurative and abstract painting, yet there is nothing dull about this style, as the numerous colourful examples in this book show. Aimed at those with some experience of painting, all the examples in this book use various forms of water-based media, including gouache, acrylics and watercolours. Designed to inspire, this book will stimulate your imagination; encourage you to try out the various methods described; and help you develop your own way of painting in this exciting style.

NEW! KURETAKE GANSAI TAMBI WATERCOLOUR SETS

Sets feature a range of carefully selected traditional Japanese watercolours. The intense colours come from the water-based pigments, which are more opaque than other watercolour brands. They are highly blendable with a creamy smooth consistency. Sets are handcrafted using traditional methods, as such pan trays may show cracks or rough textures due to air bubbles but that does not affect the quality or performance. Every watercolour block is an individual tray that can be removed from the palette during use. Non-toxic and odourless.

ARTISAN STAND OIL

This oil is ideal for glazing fine details as it gives a smooth enamel effect finish with no brush marks. It also increases film durability. Slows drying and can be cleaned up with water.

215551	75ml Bottle	\$21.65	215561	75ml Bottle	\$21.65
--------	-------------	---------	--------	-------------	---------

ARTISAN PAINTING MEDIUM

This slow drying medium reduces consistency, increases luminosity flexibility of Artisan Oil Colour. It is ideal for oiling out; enriching dull patches. Resists yellowing. Can be cleaned up with water. Can be thinned with Artisan thinner.

ARTISAN FAST DRYING MEDIUM

This fast drying medium smooths brushwork and increases the transparency of Artisan Colour. It is excellent for glazing and producing fine detail. Use with Artisan Thinner when painting in layers to maintain the "fat over lean" rule.

215531 75ml Bottle \$21.65

ARTISAN IMPASTO MEDIUM

This stiff, quick-drying medium retains brush marks when mixed with Artisan Colour. Resists yellowing. Can be cleaned up with water. For thick impasto, build the texture in several layers allowing each layer to dry first.

215520 60ml Tube \$21.65

ARTISAN GLOSS VARNISH

This UV resistant gloss varnish provides protection for paintings achieved with Artisan Colour and is removable with Artisan Varnish Remover. Non-yellowing. Painting must be completely dry (6-12 months). Use only as a final varnish.

335100 75ml Bottle \$21.65

ARTISAN SATIN VARNISH

This UV resistant satin varnish provides protection for paintings achieved with Artisan Colour and is removable with Artisan Varnish Remover. Non-yellowing. Painting must be completely dry (6-12 months). Use only as a final varnish.

335110 75ml Bottle \$21.65

ARTISAN MATT VARNISH

This UV resistant matt varnish provides protection for paintings achieved with Artisan Colour and is removable with Artisan Varnish Remover. Non-yellowing. Painting must be completely dry (6-12 months). Use only as a final varnish.

335090 75ml Bottle \$21.65

ARTISAN VARNISH REMOVER

This safely removes Artisan varnishes from paintings for cleaning re-varnishing. Apply generously onto a lint free cloth and gently rub into the varnish film. If slight pigment is visible on the cloth this is an indication that the removal has been successful. Avoid undue abrasion.

335060 75ml Bottle \$21.65

ARTISAN LINSEED OIL

This oil reduces the consistency and improves flow of Artisan oil colours. It also increases gloss and transparency. Slows drying. Can be cleaned up with water. Use when painting in layers to maintain the "fat over lean" rule.

215541 75ml Bottle \$21.65

ARTISAN SAFFLOWER OIL

This oil improves the flow, increases gloss transparency of Artisan Oil Colour. It is particularly suitable for use with whites; pale colours. Dries slowly. Can be cleaned up with water.

335070 75ml Bottle \$21.65

ARTISAN THINNER

This thinner has been specially developed to maintain the oily feel keeps Artisan colour open longer than water. Although water is suitable as a diluent for the colour, its speedy evaporation can make the colour thicken upon the palette much quicker than conventional oil colour would when used with turpentine. As Artisan thinner does not form an emulsion with the colour, there is less colour change than there would be with water. Low odour. Can be cleaned up with water. Can be combined with Artisan Oils to prepare mediums.

335080 75ml Bottle \$21.65

SCHMINCKE MEDIUM W #043

Schmincke Medium W is a revolutionary, low-odor oil paint additive that transforms traditional oil colors into water mixable oils. Combining one part Medium W with two parts of oil paint allows you to use simple water for both thinning your paints and cleaning your tools.

BLACKWING 602 WRITING PENCIL

The Blackwing draws a dark, velvety line, which has been described as being akin to writing with butter. It is world famous too, with Frank Lloyd Wright choosing the Blackwing as his writing implement. The special formula graphite lead behaves like a B lead but varies in appearance according to pressure - from HB (firm) lead to 4B (soft) lead.

PL-105330	Box of 12 602 Blackwing Pencils	\$44.30
-----------	---------------------------------	---------

BLACKWING SKETCHING PENCIL

Blackwing is made in Japan from cedarwood and high-quality graphite. It is an excellent pencil for sketching. The special formula graphite lead behaves like a soft 4B lead pencil but is unusually smooth. Described as being like drawing with black velvet, the Blackwing is soft and easy to use.

PL-105329	Box of 12 Blackwing Sketch Pencils	\$44.30
-----------	------------------------------------	---------

BLACKWING PEARL

Blackwing Pearl features a lustrous pearl white finish and black eraser, along with a balanced and smooth graphite core that is softer than the graphite found in the Blackwing 602, but firmer than the graphite found in the Blackwing Sketch.

PENCILS - PASTEL

NEW! POLYCHROMOS PITT PASTEL PENCILS

Pitt artists pastel pencils, with their oil-free pastel leads, are used by artists not only as the perfect complement to pastel crayons for elaborating fine details, but also on their own. Many artists who enjoy pastel techniques and their versatility, but not the dirty hands and coloured dust that accompany them, have opted to use these special pencils. The lead contains a high level of pigment, making the pencils ideally suited both to drawing lines and shading, as well as blending and merging into delicate colour transitions.

JACQUARD SOLARFAST DYE

SolarFast dyes are light-sensitive and only develop colour and become permanent upon exposure to sunlight (UV). This unique property means SolarFast may be used to create remarkably detailed photographs, photograms and shadow-prints on paper or fabric by harnessing the power of the sun! Anything you place on the painted surface to block the light will create a print in a matter of minutes, whether that's a solid object (toys, tools, plants, lace, etc.), a photographic negative (an image digitally printed onto a transparency) or shadow (from folds in the fabric or a 3D object).

JACQUARD CYANOTYPE SET

This set makes DIY cyanotype printing as easy as can be. The chemistry comes premeasured in lightproof black bottles. Simply fill each bottle with water to create stock solutions A & B and mix the two in equal parts to create the cyanotype sensitizer. Coat fabric or paper with the sensitizer and once dry create prints by exposing to sunlight or UV (3-15 minutes, depending on conditions), using objects or a film negative to create an image. After exposure, prints are processed in a tray of cool water and allowed to air dry over about 24 hours; prints will oxidize to their final deep blue colour. To instantly oxidize the print to its final colour, submerge in a dilute bath of hydrogen peroxide after washing, then rinse and dry. The set comes with full instructions.
